

NET-ARCH PROGRAMME 2021-2024 (CREATIVE EUROPE)

The NET-ARCH programme is co-funded by Creative Europe, the EU Commission's financing instrument that supports Europe's cultural and creative sectors.

In 2021, ACE had developed a successful bid for a new programme of funded activity designed to:

- develop participation in culture (audience development) ;
- build capacity to be active at international level;
- advocate for sustainable / environmentally - friendly practices;
- promote new technologies to enhance competitiveness;
- develop initiatives to optimise networking, upskilling, advocacy, data collection / dissemination.

This programme enables ACE to run many varied activities to strengthen the capacities and visibility of the profession at EU level and beyond, for the benefit of its Member Organisations, and ultimately all European architects.
